## 13. QUALIFYING

Grid positions for all races for each class shall be determined from the merged qualifying times from Q1 and Q2 in a descending order from fastest to slowest. Any rider not qualifying within 115% of the fastest time (in their class) will not be permitted to race.

In some circumstances, the Clerk of the Course may include any entered rider who has failed to qualify. Practice times may be used for this purpose. Such riders will be required to start from the back of the grid.

In the event of two riders achieving equal practice/qualifying times the rider who sets the time first will be deemed the faster of the two riders.

## 14. GRID POSITIONS

Grid positions will be in the format 3 x 3 staggered grid. The rider having realised the best time during qualifying shall start from pole position which will be the position on the left end of the first row of the starting grid.

Other grid positions will be in order of qualifying, starting at the position adjacent to pole on the front row and numbering in order and in the same lateral direction for each successive row.

If the number of qualifiers exceeds the grid limit, positions will be allocated on a descending basis of times.

## 15. STARTS

All events shall be from a clutch start. A start will be affected when the red light is extinguished.

Competitors will be given a sighting lap to the grid and one warm up lap from the grid prior to the commencement of each race.

## 16. FUEL

Must comply with GCR rule 10.15 contained in the 2016 Manual of Motorcycle Sport of Motorcycling Australia Limited (MA). Fuel containing ethanol blends are not permitted to be used.

No fuel will be available at the Circuit.

For safety reasons, competitors may not store more than 25 litres of fuel within their support areas and this must be stored in accordance with AS 1940 (dangerous goods storage and handling). Fuel may only be stored in containers approved to contain flammable liquids. For further fuel handling information refer to GCR 10.15 or contact the Promoter regarding AS 1940.

All competitors are required to carry enough fuel for an extra three laps on top of their usual race distance fuel load. This is to prevent further delays in the event of a first lap race restart. In such a case, competitors will be able to return to the start line without the need to refuel. Any riders who do not carry the extra fuel, then re-fuel during a race stoppage will be required to start the restarted race from pit lane after all other riders have left the grid.

## 17. TYRES

### 17.1 Senior classes

All tyres for Superbike, Supersport and Moto3/125GP must be commercially available to all competitors and be selected from the MA 2016 ASBK tyre homologation list available on the MA website – [www.ma.org.au](http://www.ma.org.au)

#### • Australian Superbike

A maximum of **eight (8)** tyres can be used for all qualifying sessions and races and these must be marked with stickers. Combination of front vs rear tyres used within the overall allocation shall be at the competitors' discretion. Tyre marking stickers will be issued and it then becomes the responsibility of the rider/team to install stickers as per instructions provided. Any competitor found to be using a non-marked tyre will be excluded from the session.

## • Australian Supersport

A maximum of **eight (8)** tyres can be used for all qualifying sessions and races and these must be marked with stickers. Combination of front vs rear tyres used within the overall allocation shall be at the competitors' discretion. Tyre marking stickers will be issued and it then becomes the responsibility of the rider/team to install stickers as per instructions provided. Any competitor found to be using a non-marked tyre will be excluded from the session.

## • Moto3/125GP

A maximum of **four (4)** tyres can be used for all qualifying sessions and races and these must be marked with stickers. Combination of front vs rear tyres used within the overall allocation shall be at the competitors' discretion. Tyre marking stickers will be issued and it then becomes the responsibility of the rider/team to install stickers as per instructions provided. Any competitor found to be using a non-marked tyre will be excluded from the session.

## • Australian Period 5/6

Tyres for Australian Period 5/6 per General Competition Rules (GCR) Chapter 11 contained in the 2016 Manual of Motorcycle Sport of Motorcycling Australia Limited (MA).

Tyre stickers will be checked at random throughout the round at the discretion of the Series Scrutineer. The penalty for using an unmarked tyre in qualifying will be loss of the qualifying session's times. The penalty for using an unmarked tyre in any race is exclusion from the results of the race.

### Wet Tyre Usage

Superbike, Supersport and Moto3/125GP competitors may use wet tyres in any race or qualifying sessions without penalty.

Competitors will not be permitted to delay the start of a warm-up lap or race by changing tyres **unless the Clerk of Course declares the race wet after the sighting lap has commenced**. If the Clerk of Course declares a race wet after the sighting lap has commenced there will be a maximum delay of 5 minutes for competitors to change tyres.

If a race, qualifying session is declared wet by the Clerk of Course then competitors can change to the wet tyres without penalty. These need not be presented for marking.

If a competitor chooses to use dry tyres when the Clerk of Course has declared the track wet the tyres must come from the marked or allocated quota of tyres for that competitor.

### Changing tyres during a race stoppage

Tyres may not be changed during a race stoppage (except for reasons of safety) where the Clerk of Course has not declared the race wet. The penalty imposed if a tyre is changed during a stoppage that is not declared wet, will be exclusion from the restart.

During a race stoppage that is not declared wet, Competitors may approach the Chief Scrutineer with a request to change their tyre for reasons of safety (this is usually damage to a tyre acquired as a direct result of the incident causing the stoppage) If the Chief Scrutineer grants permission, the competitor:

- a) if changing to a new control tyre, will be required to restart from the rear of the grid,
- b) if changing to a previously used control tyre may resume his allocated grid position without further penalties applied.

### Change of Tyre

#### a) Prior to Race

A tyre may be changed prior to the start of a race (this does not include a restarted or re-run race) for safety reasons. In such circumstances the tyre may only be replaced with another of the same specification control tyre as marked.

Prior to changing a tyre, permission must be obtained from the Chief Scrutineer.

#### b) With Permission

Provided the qualifying times that have been achieved are within the 115% cut off, if a tyre is changed, whether permission is given or not by the Chief Scrutineer before or during any of the qualifying sessions or before a race,

the competitor will lose that qualifying session's times, and/or start all races from the rear of the field, except in the case of **d) Tyre Defect**.

#### **c) Without Permission**

If during qualifying or before a race, provided the qualifying times that have been achieved are within the 115% cut off, a competitor makes a change of tyre that is **not** permitted by the Chief Scrutineer by electing to change the tyre with another approved tyre, the competitor may be given permission to start their next race and subsequent races the tyre is used in from the rear of the field.

At the conclusion of this race the competitor will have 30 seconds added to his overall race times.  
Poor tyre choice by a rider is not a safety issue, and is not a sufficient reason to change tyres.

#### **d) Tyre Defect**

If a change of tyre is permitted by the Chief Scrutineer due to a defect that can be verified by the tyre manufacturer's representative as a manufacturing defect, and renders the tyre unsafe or unusable, it may be changed without penalty. A well-worn tyre will not be considered in this case.

In this case the replacement tyre must be of the same brand, size and compound as the marked tyre and must have a signed and dated form completed by the tyre manufacturer with the defect described. The form will be available in the Race Secretary's office.

### **18. CHANGE OF MACHINE**

Any rider may change machines before the start of each race provided the following conditions are adhered to:

- a) Notice of change of machine is to be given in writing to the Secretary of the Meeting for approval by the Clerk of the Course twenty (20) minutes prior to the start of each session/race. Notice is not required to be given if the rider has qualified on the machine onto which the rider changes i.e., where the rider or team has more than one machine entered into the event.
- b) No rider may change to a machine which has not been scrutineered.

### **19. SCRUTINEERING**

Machines entered in the competition must have successfully passed machine examination prior to taking part in practice, qualifying or racing.

Current competition licences along with leathers, boots, gloves, back protector and helmet, all of which must be worn, must be presented (having the competitors wear their gear saves a considerable amount of time with the gear checking).

Australian Period 5/6 entrants need to comply with the fuel regulations as per GCR 11.13.

Machines which suffer accident damage in practice, qualifying or race sessions must be re-examined by scrutineers before participating again.

Failure to comply with this regulation will result in this matter being referred to the Clerk of the Course for further action.

### **20. STEWARDS**

The Steward of the meeting may in case of necessity or safety, postpone, stop, or cause to abandon a race or part of a race.

### **21. IMPOUNDING OF MACHINES**

At the conclusion of each qualifying session and race for each class, ALL machines are to be impounded in a nominated area for up to thirty minutes at the discretion of the Chief Scrutineer or his/her representative.

### **22. RIDERS BRIEFING**

All riders must attend the briefing to be held as notified in the Final Instructions. Proof of attendance shall be required by signing a register of entered riders. Failure to attend this briefing and sign the attendance register without an acceptable reason will result in a fine.

### 23. POINTS SCORING

Australian Superbike, Supersport and Moto3/125GP classes will be allocated points for each race in accordance with GCR 10.12.18. For Superbike and Supersport these points will constitute points towards both the Australian Championship and the Phillip Island Superbike and Supersport Championships. For Moto3/125GP these will constitute points toward the Australian Championship only.

Australian Period 5/6 will be allocated points for each race in accordance with GCR 11.10.10. The winner shall be the rider amassing the highest number of points over the allocated scheduled races.

In the event of a race being cancelled in its entirety, no points will be awarded although the race will have deemed to be run in regard to the overall event.

### 24. PODIUM PRESENTATIONS

1st, 2nd and 3rd overall round place getters in the Superbike, Supersport, Moto 3/125GP and Australian Period 5/6 classes will receive a trophy at the Podium Ceremony.

### 4. WAIVER

1. Victoria: Under the *Australian Consumer Law and Fair Trading Act 2012 (Vic)*, several statutory guarantees apply to the supply of certain goods and services.

These guarantees mean that the supplier named on this form is required to ensure that the recreational services it supplies to you:

- are rendered with due care and skill; and
- are reasonably fit for any purpose which you either expressly or by implication, make known to the supplier; and
- might reasonably be expected to achieve any result you have made known to the supplier.

Under section 22 of the *Australian Consumer Law and Fair Trading Act 2012 (Vic)*, the supplier is entitled to ask you to agree that these statutory guarantees do not apply to you.

**Warning Under the Australian Consumer Law and Fair Trading Act 2012:** If you sign this form, you will be agreeing that your rights to sue the supplier under the Australian Consumer Law and Fair Trading Act 2012 if you are killed or injured because the services provided were not in accordance with these guarantees, are excluded, restricted or modified in the way set out in this form.

**Note:** The change to your rights, as set out in this form, does not apply if your death or injury is due to gross negligence on the supplier's part. "Gross negligence" in relation to an act or omission, means doing the act or omitting to do an act with reckless disregard, with or without consciousness, for the consequences of the act or omission. See regulation 5 of the Australian Consumer Law and Fair Trading Regulations 2012 (Vic) and section 22(3)(b) of the Australian Consumer Law and Fair Trading Act 2012 (Vic).

**Exclusion of rights under the Australian Consumer Law (Vic):** By signing this form, you agree that the liability of MA and the Indemnities for any death or personal injury (as defined in the Australian Consumer Law and Fair Trading Act 2012 (Vic)) that may be suffered by you (or a person from whom or on whose behalf you are acquiring the services) resulting from the supply of recreational services is excluded. For the purposes of this clause 4, "the Supplier" shall mean and include the Indemnities.

2. Commonwealth: A supplier of recreational services or recreational activities is entitled to ask you to agree that statutory guarantees under the *Australian*

*Consumer Law* (which is Schedule 2 to the *Competition and Consumer Act 2010 (Cth)*) do not apply to you (or a person for whom or on whose behalf you are acquiring the services or activities).

**Exclusion of rights under the Competition and Consumer Act 2010 (Cth):** By signing this form, you agree that the liability of MA and the Indemnities in relation to recreational services (as that term is defined in s139A of the *Competition and Consumer Act 2010 (Cth)*) for any:

- death;
  - physical or mental injury (including the aggravation, acceleration or recurrence of such an injury);
  - the contraction, aggravation or acceleration of a disease;
  - the coming into existence, the aggravation, acceleration or recurrence of any other condition, circumstance, occurrence, activity, form of behaviour, course of conduct or state of affairs:
    - that is or may be harmful or disadvantageous to you or the community;
    - that may result in harm or disadvantage to you or the community, that may be suffered by you (or a person for whom or on whose behalf you are acquiring the services) resulting from the supply of recreational services is excluded and the application of any express or implied term that any services will be provided with due care and skill is hereby excluded.
- Note:** The change to your rights does not apply to a significant personal injury suffered by you that is caused by the reckless conduct of the supplier of the recreational services. The supplier's conduct is reckless conduct if the supplier is aware, or should reasonably have been aware, of a significant risk that the conduct could result in personal injury to another person; and engages in the conduct despite the risk and without adequate justification.
