ABOUT SUPERCROSS

Supercross is a condensed form of Motocross conducted in both indoor and outdoor stadiums. With a tighter more technical track it presents the riders with a unique style of racing that requires a lot of mental and physical strength that only the best riders in Australia and the world can compete in. Supercross events in Australia attract thousands of spectators and with the return of the original formats (2 heats, LCQ and a Final) the riders and the fans are excited to see what the Australian Supercross Championship has to offer.
