

2021 miBike AUSTRALIAN SUPERBIKE CHAMPIONSHIP

ROUND 7 – THE BEND MOTORSPORTS PARK – SA

TIMING BULLETIN

Timing transponder collection

Transponders will be available for collection from out the Race Secretary's office on FRIDAY morning from 7:15am. There will be NO REQUIREMENT to sign for the transponder collected, the rental agreement is included as part of the credit card deposit form.

Timing transponder deposit

A \$50 refundable security deposit is required, which MUST be left by providing credit card details. No cash deposits can be left.

Many competitors have already provided credit card details earlier in the year. **If you did not complete a deposit form at earlier rounds or did not indicate that the deposit was to be held for the season, please complete the attached form and bring to timing when collecting your transponder.**

Transponder brackets and additional transponders

Transponder mounting brackets are available for sale for **\$12 each** (GST incl) – EFTPOS and credit card ONLY – NO CASH.

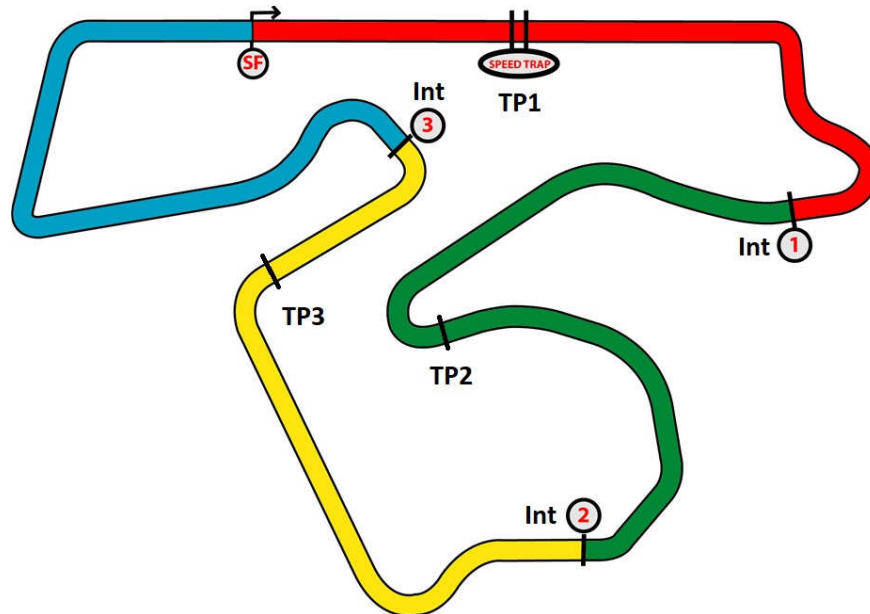

Where you have not organized and paid for a second transponder for your spare bike as part of your entry, and want to hire one, these are available for **\$25 each** (GST incl) – EFTPOS and credit card ONLY – NO CASH.

Timing transponder mounting and second bikes

It is your responsibility to ensure that timing transponders are properly mounted for all sessions (including practices and warm-ups). Competitors found not to have transponders properly mounted, may be black-flagged from the session or have times excluded after the end of the session. Computime's back-up procedures ensure that accurate times are recorded if any competitor is found to have a faulty timing transponder.

Intermediate/sector timing

3 intermediate points will be used again to create 4 timing sectors, plus a speed trap just after pit exit (as per last year). The split times and speed will be shown on the Race Display screen, the Compulive internet-based timing application, and in printed reports. Refer to the map below for approximate locations:

Television live timing

Televisions in garages will automatically show Computime's Race Display live timing, CompuTrack track positioning display, and/or circuit vision (Sunday only).

FREE wi-fi for live timing and results

Computime's local intranet site (accessed via a web browser) will be available for competitors with wireless enabled laptop computers, tablets, and smartphones. The local intranet site will be accessible via "The Bend Guest Wifi" network so internet will also be available. The intranet site features:

- All results from the meeting (only minutes after each session is completed) in HTML format (for viewing on your web browser) and PDF (Acrobat) format for you to save and print later.
- A live timing display application (for the session currently in progress).
- Historical results from prior and other relevant information such as lap records and race schedule.
- Additional reports available for download that are not normally photocopied for competitors (intermediate lap times, lap sheets, lap charts, fastest lap sequence and points updated after each race).

Coverage will be concentrated in pit lane, but may extend into the general pit area.

To access the local intranet, connect to **The Bend Guest Wifi** network and enter **www.localtiming.com** as the web browser address.

Internet based timing

Computime will also be providing live timing via the internet for anyone not in an area to access The Bend Guest Wifi network. Follow the links from **www.computime.com.au**.

Jump start cameras

To ensure consistency and accuracy in the assessment of potential jumped starts, Computime's jump start camera system will be set-up this weekend as usual. This system includes simultaneously recording cameras on each grid row and the start light. Any movement at the time the red light is extinguished will result in the implementation of a penalty.

A handwritten signature in black ink, appearing to read 'S Laing', with a stylized flourish at the end.

2021 AUSTRALIAN SUPERBIKE CHAMPIONSHIP – TIMING TRANSPONDER CREDIT CARD DEPOSIT

I, the cardholder, authorise Motorcycling Australia Ltd (“MA”) to utilise this credit card as security for the return of the timing transponder(s) to be collected by the competitor or delegate, and utilised by the competitor, at the 2021 miBike Australian Superbike Championships.

Enter round no. OR write “Series” where the details are to be used for the whole series

The credit card will only be charged in the following circumstances:

- Should the transponder not be returned by 6pm on the Sunday at the conclusion of the program - \$25 will be charged (per transponder)
- Should the transponder not be returned to its owner as directed by MA within one week of the conclusion of the meeting – a further \$25 will be charged (per transponder)
- Should the transponder not be returned to its owner as directed by MA within two weeks of the conclusion of the meeting – \$600 will be charged (per transponder) representing the cost of replacing the transponder
- Should the transponder be returned not working or with anything more than superficial damage to the transponder case (as determined by the transponder owner) – the actual amount to repair the transponder will be charged once determined.
