

ASBK Technical Bulletin #2025-1

29.01.2025

Affected Discipline:

Road Racing & ASBK

Information Pertains to:

Homologation of the YM2025 Yamaha R1 & R1M Machine.

Air funnel allowance for Yamaha R1 & R1M Machines.

Notification:

This technical bulletin is to confirm the combined homologation of the YM2025 Yamaha R1 & R1M model Machines for ASBK.

Yamaha Motor Australia requested that the homologation of the two models be combined into one homologation and to allow only OEM interchangeable components for the R1 & R1M model Machines be used across both models.

Secondly Yamaha Motor Australia requested that it be permitted to allow the Air Funnels length to be changed on the R1 & R1M Machines under Rule 4.4 Performance Balancing of the ASBK Sporting Regulations.

ASBK Management in conjunction with the Rules & Technical Committee have agreed to the following;

For Yamaha R1 & R1M Machines only:

Only OEM interchangeable components for each year model R1 & R1M machine may be used across both models of Machine.

Secondly, Air Funnel length only is permitted to be changed however the OEM Air Funnel functionality must remain. No fixed or mechanically operated Air Funnels are permitted to be used.

Rationale:

Confirmation of the homologation of the YM2025 R1 & R1M machines.

In addition, the above requests regarding interchangeable components between these models and Air Funnel length have been considered by ASBK Management and the Rules & Technical Committee. Both Parties believe it is acceptable on behalf of competitors purchasing Yamaha Machines to allow the above changes in the interest of the SBK class.

Effective from:

Immediately

Note:

- All Bulletins are available on the MA website (www.ma.org.au)
- Rules may change throughout the year so please view the most up to date MoMS on the MA website (www.ma.org.au)
