

SEASON PASS FAQ'S

What does a season pass get us?

A season pass will work as your pass into any round (excluding Rd 1 and Rd 5).

Do season passes cost money?

No! However, as per the terms and conditions if a season pass lost or damaged for the remainder of the season you will incur a cost of \$25. If you want more than what is in your allocation, fill in the application on the asbk website – additional season pass application

How many season passes can I get?

- Superbikes x 6 (including rider)
- Supersport x 6 (including rider)
- Supersport 300 x 5 (including rider)
- R3 Cup x 5 (including rider)

What rounds can I use my season pass?

The series season pass is your ticket for all rounds, excluding round 1 and round 5.

I don't want to use all of my available season passes as I am unsure if some of my team are going to each round?

That is okay! Your tickets are not linked to an individual. They are linked to your team; therefore, you can use them for different people at different rounds. If teams request season passes, they will be issued the full entitlement, there isn't an option to split between hard cards and round only passes.

Where can I pick up my season passes?

Season passes will be sent to you via your registered phone number. They are digital passes and can be saved in your digital wallet

Can someone else pick my season passes up for me?

Season passes will be sent to the registered phone number

One of my team unexpectedly cannot attend any more rounds for the remainder of the ASBK season, can I transfer the season pass?

Season passes are not linked to an individual this year; therefore you can give the season pass to another team member with no issues. You can either send it via your wallet, or take a screen shot and share it that way,
